Curzon is a great school. All the teachers here at Curzon are kind and loving.

It's a small, safe environment that I can work in. Many people go off to their secondary school more confident because of this. I like it!

It is a strict school but that is a good thing because you learn better.

Curzon is fun. The teachers do fun activities for us. Teachers at Curzon care for us. They teach us how to be safe

We are pushed to the very top of our limits.

We have excellent resources, playground equipment and many more.

This is one very kind and caring school as this school is like one big family.

Curzon is a very friendly school because everyone gets along and I feel that all of the teachers care about me. I am very happy at this school mostly because the teachers are very supportive in my work and tell me when the quality in my work is dropping or if my behaviour is dropping.

The thing I like about Curzon is that there is always someone who will listen to your problems and solve them.
