

Curzon PE Curriculum September 2021

Curzon specific aims of PE- our intent

All children develop teamwork skills.

They learn to have a go, persevere and not give up easily.

They learn to compete and manage the emotions of both winning and losing.

All children develop an enjoyment of physical activities and continue to do them out of school.

All children develop healthy bodies and go on to become active adults, maintaining a healthy active lifestyle.

All children develop self-belief and understand how physical activity can help them mentally and emotionally

How this links with our vision: growing in self-belief, teamwork and physical skills; developing the ability to make healthy choices in life.

Implementation at Curzon

Sport is a key part of our school life. Children participate in at least 2 hours of PE per week covering 3-4 different sports per term. Children are provided with their full entitlement to PE and teachers ensure that no interventions take place during this time. Each class benefits from half a term of Forest School with our accredited leader, where pupils are given the opportunities to develop their physical, agility and team work skills. Our outdoor and adventurous curriculum is enhanced by our Year 6 residential trip which enables our children to experience team building and individual activities, enhancing self-esteem and confidence in a variety of situations. We have recently updated our EYFS resources to allow for daily outdoor adventurous play for example children use large wooden blocks to create adventure trials and balancing courses. KS2 PE is taught by a qualified sports coach.

Sports Premium Funding is used to increase physical competency of staff and children and also provides staff with resources and high-quality equipment.

All KS2 pupils have swimming lessons to develop swimming ability and basic water safety skills. We are members of the Holmer Green Sports partnership with other local primary schools. This partnership provides CPD for staff and sporting competitions and events between local schools for every year group.

We hold annual an annual sports day showcasing a range of track and field events.

Children have the opportunity to further their skills at after school sports clubs. Our extracurricular timetable is carefully planned so that we provide a broad range of activities based on children’s interests and new initiatives. The extra-curricular offer is reviewed termly using attendance data and pupil voice. We also work with parents to identify when a child has an interest and or a clear talent in a specific sport, signposting them to local clubs.

We have a well-staffed and equipped playground, a sports field, and play equipment to provide opportunities for children to develop and improve fundamental physical skills whilst being active during break and lunchtimes. Since the installation of our new KS1 play area, we have seen an increase in active play among our younger pupils. Our EYFS pupils have access to a range of scooter and trikes. Our sports coach runs free organised games daily at breakfast club, playtimes and lunchtimes. Older pupils become sports leaders, planning and leading games for younger ones. Our Year 6 pupils organise and run sports day games, teaching the younger children about each race.

Activity	EYFS	Y1	Y2	Y3	Y4	Y5	Y6
Dance	Move freely and with pleasure and confidence in a range of ways. Experiment with different ways of moving. Complete simple moves to different stimulus.	Learn basic movements relating to feelings. Learn what makes a good start and finish position in a sequence. Learn how to move their bodies in a variety of ways. Respond to different music. Perform dance movements and simple movement patterns. Be taught to remember and perform short dance routines to other children (1-8 steps)	Use a range of vocabulary to describe moods and how dances make them feel. Perform dances using simple movement patterns with a clear start middle and end. On their own can remember and perform short dance routines to other children (1-8 steps) Evaluate and improve a dance performance by recording and viewing their rehearsals.	Improvise freely on their own and with a partner, translating ideas from a stimulus to a movement. Learn a short sequence with a clear, middle and end that they can perform on their own and in a group. Learn how to develop actions and movements within short dances by changing the speed, mood and levels. Learn a variety of travels, gestures, turns, jumps and balances with composure and control	Compose short dances with clear start, middle and end on their own, partners and in groups. Develop basic actions and skills by changing the speed, mood and levels, Develop travels, gestures, turns, jumps and balances with good composure and control	Explore and improvise ideas for dances in different styles, working on their own, with a partner and in a group. Compose more complex routines with clear sections, starting to use unison, canon, and repetition. Change the speed, mood and levels.	Explore, improvise and combine movement ideas fluently and effectively. Evaluate, refine and develop their own and others' work. Compose more complex routines with clear sections, using unison, canon, and repetition. Change the speed, mood and levels.

Activity	EYFS	Y1	Y2	Y3	Y4	Y5	Y6
Net games (tennis, volleyball)	<p>Catch a large ball. Demonstrate some control and coordination in large and small movements.</p> <p>Pass a ball.</p> <p>Kick a ball.</p> <p>Dribble a ball at feet.</p>	<p>Focus on throwing a ball with control both over and underarm with prompts.</p> <p>Focus on catching a ball from shorter and longer distances, on their own and in groups.</p> <p>Play games based on net games</p> <p>Pass and receive a ball in different ways with control and increased accuracy.</p>	<p>Use their skills to play end to end games, games over a barrier and fielding games.</p> <p>Watch others and describe what is happening. Talk about what they have done and how they did it.</p> <p>Participate in team games.</p> <p>Pass and receive a ball in different ways with increased control and increased accuracy.</p>	<p>Practise throwing and catching with a variety of different balls and using different types of throwing. Hit the ball with a racket.</p> <p>Use different shots.</p> <p>Play games using throwing and catching skills.</p> <p>Vary strength, length and direction of throw. Know how to make it difficult for opponent to receive ball.</p>	<p>Understand where to stand when receiving.</p> <p>Understand attack and defence tactics.</p> <p>Understand rules about the games.</p> <p>Play games using throwing and catching skills.</p> <p>Vary strength, length and direction of throw.</p> <p>Understand how they can make it difficult for opponent to receive ball.</p>	<p>Hold and swing racket</p> <p>Know where to stand on the court when hitting, catching and receiving.</p> <p>Hit the ball on both sides of the body and above head.</p> <p>Use different types of shots during a game.</p> <p>Improve accuracy. Explain why they or others are playing well in the games. Know what they need to get better at and what to practice.</p>	<p>Hit the ball in the court away from opponent, how to outwit them using speed height and direction of ball.</p> <p>Know where to stand when attacking and defending.</p> <p>Explain why they or others are playing well in the games. Know what they need to get better at and what to practise.</p> <p>Understand practices to help with precision and consistency and speed about the court.</p>

Activity	EYFS	Y1	Y2	Y3	Y4	Y5	Y6
----------	------	----	----	----	----	----	----

Fielding and striking (cricket and rounders)	Throw over and under arm in a general direction Catch a variety of sized balls when bounced or thrown. Strike a ball (self-bowled) in a general direction	Focus on technique, striking a ball with control when shown. Focus on technique on fielding a ball using under and over arm throwing. Play simple games in small groups, applying rules and skills that have been taught.	Choose, use and vary simple tactics. Participate in team games. Pass and receive a ball in different ways with control and increased accuracy. Learn fielding techniques.	Consolidate and develop the range and consistency of their skills in striking and fielding games. Perform fielding techniques with increased control and coordination	Throw and catch a balls at different speeds, directions and heights. Choose and use a range of simple tactics and strategies. Perform fielding techniques with increased control and coordination	Develop the range and consistency of their skills, especially in specific striking and fielding games. E.g. throwing, catching and striking a ball accurately to a static and moving partner at different distances.	Use and adapt rules, strategies and tactics, using their knowledge of basic principles of batting and fielding. Develop and adapt their striking, fielding, throwing and catching skills to different heights, distances in small and large games. Thinking about when to use an over and under arm throw.

Impact

We measure the impact of our PE curriculum through the following methods:

- observing pupils in lessons;
- observations of performances in small groups or individuals;
- listening to pupil feedback from observing others
- listening to pupils' reflections of own abilities
- SLT Interviewing the pupils about their learning and attitude towards sport (pupil voice).
- annual reporting of standards across the curriculum to parents.
- Subject tracking. PE specialists report back to class teachers on the competencies achieved within each unit covered.

The PE subject leader will continually monitor the impact of PE is having on the children's learning, through observations, talking with pupils, to ensure the progress of knowledge and skills is being taught. Impact will also be measured through key questioning skills built into lessons, child-led assessment such as reviews. This information will be used to target next steps in learning.
